

# Refrigerator Reminder Sheet

Registration is Friday, May 18  
from 5:45pm—6:45pm

Handy Check List for camp packing...

- Sleeping bag or sheets to cover the mattress and a blanket to cover YOU!
- Pillow
- Flashlight (with working batteries!)
- Towel & washcloth for showers! (Suggestion: Have a small bag that the children can use for putting in all items necessary to go to the bathhouse. It could be as easy as a plastic grocery bag.)
- Toiletries – i.e. toothbrush, paste, soap, shampoo, etc. (Please note: Siblings probably won't be able to share these items and it would be best to have one per child attending camp)
- Proper clothing (Please check the weather forecast for the weekend!)
- Sneakers
- A Bible**
- Raingear – but say a little prayer that we don't need it!
- Each child must have a labeled dirty laundry bag...could be a pillow case or a plastic grocery bag.**
- Sunday Coronation Dress: Boys – dress pants and shirt, tie (optional) Girls- dress or skirt and blouse. We will only have the children change into their dress clothing just prior to the coronation on Sunday. You would probably want them to have “camp” clothing for Sunday morning so they don't get their good clothing ruined.
- Cabin Decorations:** Each cabin will be decorated DOWN ON THE FARM theme. Counselors will be in charge of decorations, but children are encouraged to bring along any special decorations that they would like to. We don't want any child/family to spend money on purchasing decorations. We would love to see some homemade decorations that the kids have made being used to decorate the cabins... **let your imagination work!** Thumbtacks primarily must attach decorations! (Please label all decorations.)
- PLEASE label everything from underwear to flashlights to coats...EVERYTHING!  
Thanks!

Don't forget a  
Vegetable/Fruit  
Sculpture!

Don't forget your “Greater Berks  
Food Pantry” donation for our  
community service project!!

Don't forget a  
newsletter  
cover!

Coronation Program on Sunday, May 20, 2012 at 1:30pm.  
Camper check-out directly following the program.
